CUSTOMER ORIENTATION	AFTERCARE — WITHIN 7 DAYS
■ Headlight functions demonstrated	• Avoid opening, removing, or modifying the headlight assembly.
■ High/low beam operation explained	• Avoid pressure-washing directly around the headlight seals.
■ Customer inspected completed installation	• Check for unusual moisture, condensation, flickering, or lighting issues.
■ Warranty coverage explained	• Report installation-related concerns to 1625 Autolab within 7 days.
■ Customer questions answered	• Do not modify installed wiring without consulting the installer.
	• Contact 1625 Autolab before attempting repairs or modifications.

CUSTOMER CONFIRMATION

I have inspected the completed installation and confirm that the functions and condition of the vehicle were checked and explained to me.
